

WARWICK

Building Permit Penalty FEE Amnesty Program

Have you done work at your home without a permit?

Has a contractor ever told you “Don’t worry about the permits and you will save money?”

What you don’t know may hurt you (literally). Your contractor may not want the township to see what they are doing for a reason. It may be because the work being performed does not meet building code requirements and THAT may put you, your family or your business in harm’s way. In addition, work done without a permit is subject to a double fine later, when you sell your home or business, or if the township finds the work done through a variety of ways.

Warwick Township is pleased to provide to our residents and businesses, a Building Permit Amnesty Program that will begin on October 1, 2010 and remain in effect until November 30, 2010. This amnesty program waives the additional fine for work completed without the proper permits that are required by state law. Now is the time to get your work inspected, brought up to code, and a proper permit issued that will protect you from inferior work now, and the hassle of paying penalties later. If an open permit or no permit for completed work is discovered during the U&O inspection, the sale of the home may be delayed until all work done has been permitted, inspected and approved by Warwick Township. If you had applied for a permit and no final inspection was performed, you do not have a permit for that work.

The following are examples of projects that require permits:

- Finished basements (See below)
- Additions
- Interior or exterior structural alterations
- Kitchen or bathroom remodeling (Where electric and plumbing are involved)
- Decks or patios

- Most plumbing work
- Most electrical work
- Furnace or boiler replacement
- Fireplace installations or conversions

Finished basements pose a particular problem with many homeowners when it comes to obtaining permits. A lot of property owners decide against obtaining permits prior to finishing their basements. The building code currently requires anyone who finishes a basement to provide a second exit or “Means of egress” to grade. This could be an egress window, a walk-out doorway or a walk-up (Bilco style) door. If you finished your basement without a permit and don’t have one of these “Second Means of Egress” installed, you may be required to install one. However, not everyone needs to install this second exit. According to Warwick Township Code (Ordinance 2006-02) Adopted September 5th, 2006, if you own a detached single family home with a sprinkler system, a multi-family home or a townhouse and your building was built before June 7, 2007, and you finished your basement without a permit, you may not have to install this second exit. In order to be considered exempt from having to put in a second means of egress for a previously finished basement without a permit you must,

- Prove to the township that your basement was finished prior to June 7, 2007. This can be done by dated photographs of your basement area, or by providing construction receipts or contracts.
- Comply with the “No bedrooms in the basement” rule.
- Have made no structural changes during construction.
- Have interconnected/battery back-up smoke detectors on every floor and in every bedroom of your home.

PADOT updates for Warwick Township

By Gail Weniger, Township Manager

The route 263 betterment project, which is a complete PADOT reconstruction of Route 263 from Bristol to Sugarbottom Road, is now in the final plan phase. Originally presented as a preliminary plan at the public board meeting Oct. 1, 2007, the plan received substantial critique from the elected officials regarding the extensive number of basins planned to manage stormwater. After several subsequent meetings, which included a work session, and a staff meeting with the County, the Township made a request for less basins and a public review of the final plan. Currently PADOT has completed the stormwater plan, but final construction plans for the project have not been completed. PADOT is working to acquire the 70 easements it needs to start the project. We anticipate having a public meeting to present the plan when it is available. PADOT has also notified us that they will be performing work on the bridge near Mearns on Almshouse Road. The preliminary time for this project was spring and no other information has been given. When the work occurs, there will be closures that will impact your commute. If you have not yet added your email to our list, send your request to lgrant@warwick-township.org to be notified of all meeting agendas and other township information.

Permit Amnesty

...continued from pg 1

- If present, your sprinkler system is to comply with NFPA 13 and be fully operational
- Provide a 10 lb. ABC fire extinguisher within 5 feet of the base of the stairs leading to the basement.

The goal of the Township is to help ensure the health, welfare and safety of the citizens and business owners of Warwick Township from the hazards associated with fire, overcrowding, improper construction techniques or structural collapse. Through the permit and inspection process, Warwick Township's state certified inspectors will perform the required inspections to see that the requirements of the Pennsylvania State Uniform Construction Code are met. In order to qualify for the amnesty program, the Township will be accepting building and other permits for all past work and work in progress at the time the amnesty program was enacted. Residents and businesses have until November 30, 2010 to submit completed permit applications to Warwick Township for this program. Please note that all other fees, permits and costs associated with the issuance of a building or other permits shall remain in effect during the amnesty period.

It is also important to note that this program does NOT waive any required building or zoning regulations that would normally be required for your project. For more information about this program or to apply for a permit, please contact the building inspector at mimperial@warwick-township.org. Permit forms are available online at www.warwick-bucks.org or at the front desk.

Working From Home

By Christina Arlt, Deputy Zoning Officer

Are you working out of your home? If so, here's what you need to know. Warwick Township would like to remind residents that a zoning permit is required for all home occupations.

What is a "home occupation?"

A home occupation is an accessory use that is clearly subordinate to the existing residential use of the property. There is a \$100 registration fee for a home occupation, as well as a \$50 annual renewal fee. Failure to register a home occupation could result in a non-traffic citation and penalties up to and including \$1,000 per day plus court fees as determined by the District Justice.

What types of home occupations are there?

Home Occupations in Warwick Township come in the following types:

- *Professional Offices* (Salesperson, architect, engineer, doctor, dentist, lawyer, accountant, etc.)
- *Personal Services* (barber, beautician, photographer, etc.)
- *Instructional Services* (teaching maximum of four students at a time)
- *Home Crafts* (artist, sculptor, tailor, rug weaving, lapidary work, furniture making, etc.)
- *Business Trades* (electrician, plumber, landscaper, carpenter, mason, painter, roofer, etc.)
- *Repair Services* (repair for small appliances, watches, bicycles, locks, etc. but NOT cars, trucks, snow mobiles, ATVs, outboard motors, or jetskis)
- *Family Day-Care* (supervising children not related to the caregiver)
- *No-Impact Home-Based Business*

There are general standards that apply to all home occupations and then there are specific standards that apply to different types of home occupations.

What if I don't have any customers or clients that come to visit me?

If no one other than family members is involved in the business, there is no display or sale of retail goods, there are no signs, the

activity doesn't generate more sewage than a typical residence, and the activity doesn't occupy more than 25% of the habitable area of the home, the business will probably be considered a "No-Impact Home-Based Business." A permit is still required. With a proper permit, No-Impact Home-Based Businesses are allowed in all zoning districts except the Village Commercial District (VC) and Village Commercial II District (VC II).

Where can I have a home occupation?

A home occupation is either permitted by right, permitted by special exception, or not permitted depending on the type of home occupation and the zoning district where the property is located. "Permitted by right" means that if the owner applies for a permit and meets all of the regulations in the ordinance, he/she will be issued a permit. "Permitted by special exception" means the applicant has to apply to the Zoning Hearing Board for permission to operate that type of home occupation in that location. "Not permitted means" that a particular type of home occupation is not allowed in a particular district. Feel free to set up an appointment with the Zoning Officer, Kyle Seckinger, to discuss which category your home occupation falls into and whether it can be located in your home's zoning district.

What are some of the general rules and regulations that apply to home occupations?

The home occupation must be carried on wholly indoors. The appearance of the home cannot be altered to cause it to be different from the surrounding homes. Home occupations cannot create noise, vibration, glare, fumes, odors, dust, or electrical interference.

More Information:

The permit application form for Home Occupations can be found online here: http://www.warwick-bucks.org/planning_and_zoning.htm

If you would like to read more about Home Occupations in the Warwick Township Code, see §195-15B(11): <http://www.ecode360.com/?custId=WA1313&guid=11665999&j=23>

RECREATIONAL PROGRAMS ~ Fall 2010 & Winter 2011

Recreation Program Registration Information

Registration for FALL programs will begin on Wednesday, September 1. You can register in person at the Township Administration building during normal business hours, 8am-4pm, Monday through Thursday and 7am-3pm on Friday OR on-line anytime after 8am on September 1. You can download the registration form from our website at www.warwick-bucks.org and mail it in or bring it to the Township building. Mailed in registration forms will not be processed before September 1 and there is no guarantee you will get in the program you selected.

Registration for WINTER programs will begin on Monday, January 3, 2011. You can register in person at the Township Administration building during normal business hours, 8am-4pm, Monday through Thursday and 7am-3pm on Friday OR on-line anytime after 8am on January 3. You can download the registration form from our website at www.warwick-bucks.org and mail it in or bring it to the Township building. Mailed in registration forms will not be processed before January 3 and there is no guarantee you will get in the program you selected.

Our policy states that you are allowed to register yourself and one other person for programs. NO EXCEPTIONS will be made. If you have any questions regarding any of the programs or locations, call the Parks and Recreation Department at (215) 343-6100. Check our website for our refund policy.

ACTION FITNESS FOR NINJA SHARKS

During the past 20 years there has been a dramatic increase in obesity in the US. The latest studies show that 1 in 3 children are either overweight or obese – that's a 300% increase in the past 2 decades! Action Fitness is dedicated to helping combat this nationwide epidemic and to making a difference in the community. School-aged children will work on building muscle tone and coordination through a combination of aerobic, martial arts and gymnastic exercises and drills. At the same time they will work on skills like teamwork, memory and confidence in order to build a healthy body and mind. Price includes 12 classes! Please call Michael at 215-637-6701 for more information!

ACTION FITNESS FOR BEGINNER KIDS

During the past 20 years there has been a dramatic increase in obesity in the US. The latest studies show that 1 in 3 children are either overweight or obese – that's a 300% increase in the past 2 decades! Action Fitness is dedicated to helping combat this nationwide epidemic and to making a difference in the community.

Grade school students will participate in exercises to build coordination, strength and balance through a combination of basic martial arts moves, aerobics, and cardio training. The goal of this program is to create a positive environment to help children physically as well as teach them to be confident and respectful. Children need to learn to have enough respect for themselves to eat healthy and take care of their bodies. Fostering these healthy habits now is designed to give them a strong foundation for the future. Please call Michael at 215-637-6701 for more information!

"A LEVEL- REVERSE CO-ED" VOLLEY TECH VOLLEYBALL

This VOLLEY TECH program is a Warwick Township Volleyball program for A Level Adult Co Ed players. The program will consist of playing, according to reverse co ed USAV rules. This game is played on a women's height net. Men can only hit back row attack & the women do all the front row hitting and blocking. In reverse co-ed, men cannot block. Since reverse co-ed rules require a man "touch rule," the men do the setting.

SPACE is very LIMITED for this program.

WHEN: **WINTER:** Thursdays,

January 13 – March 10, 2011

(no program 1/20)

TIME: 6 – 8 pm

WHERE: Bridge Valley Elementary

School Gym

AGES: A level players – Adult Co-Ed

COST: \$60 residents

\$72 non-residents

INSTRUCTOR: Margie Arm

• minimum 8, maximum 12

Bus Trips

NEEDED TO BORROW: JOHN DEERE GATORS OR MULTI-PURPOSE VEHICLES

We use these vehicles to transport the vendors/crafters from the parking lots to their designated spaces. If you have a small multi-purpose vehicle that you would be willing to allow the township to use for this day, please contact Dan Sharapan, Director of Parks and Recreation at

(215) 343-6100 x202 or e-mail at dsharapan@warwick-township.org.

BUSINESS DONATIONS NEEDED

We are looking for donations of goods and services from local businesses for our raffle baskets at Warwick Day. We ask that all donations be dropped off or mailed to Warwick Township by September 17. We will pick up your donation if you desire. All businesses will be listed as contributors in the next newsletter. For more information, contact Dan Sharapan, Director of Parks and Recreation at 215-343-6100.

WARWICK DAY VOLUNTEERS NEEDED

We need volunteers to work the event. If you can give us two or more hours, call Sarah at 215-343-6100, ext. 204.

SPECIAL THANKS TO OUR WARWICK DAY BUSINESS SPONSORS

Get involved!!! - Have your business become a sponsor for the 2010 Warwick Day Celebration. To get a sponsorship form call Dan Sharapan, Director of Parks and Recreation at 215-343-6100 ext. 202.

Fire Marshal Report

Ed Pfeiffer, Fire Marshal

Smoke Detectors Don't Matter, Until They Do.

The May fire in Upper Southampton that killed a toddler and injured her mother and another child is another reminder of the serious potential of a house fire.

The fire broke out just after 2:00 p.m. A neighbor called 911 after seeing fire coming from the house. Fire crews had to pull the three victims out of the house, and all were taken to the hospital in critical condition. Firefighters say they found all three of the victims in a smoke-filled bedroom in the upstairs of the house. Paid firefighters from Northampton arrived within three minutes of receiving the call. It is unknown if the smoke detectors activated or if they did and the mother did not hear them. The fire began on the first floor. Was the TV on? Was the door closed? Were they all asleep?

Although we may never know for sure, here is what we do know:

1. Had the home been built with Residential sprinklers, a first floor sprinkler head would have activated when the ceiling temperature reached 155 degrees. No phone call necessary. Water would have been applied directly at the point of the fire's origin.

2. In homes equipped with "Interconnected" smoke detectors in every bedroom, on each level, the garage and all basement rooms, the occupants stand the best chance of hearing the alarms. This is true even when the occupants are asleep.

3. Children up to the early teenage years may not leave their beds even if they hear the alarm. Parents must plan to wake the children.

4. Older adults may also not be physically or mentally capable of leaving the home even if they hear the alarms.

5. "Wireless" smoke detectors send and receive signals from other wireless detectors so that when one senses smoke, they all make noise. They can be added to an existing partial "hardwired" system or used to completely upgrade any home.

6. The earliest detection of smoke provides the great amount of time to escape.

Don't wait until it is too late. Investing in your family's safety may pay great dividends!

Please contact the Fire Marshal, Ed Pfeiffer, if you have any questions.

Revolutionary War Reenactment

AT WASHINGTON'S HEADQUARTERS: THE MOLAND HOUSE
1641 Old York Road, Hartsville

Saturday, August 21, 2010
from 10 a.m. to 4 p.m.
Raindate: August 28, 2010

See the Fifth Pennsylvania Regiment reenact an encampment of the Continental Army in honor of the 233rd anniversary of Washington's "Neshamini" encampment.

Also featured will be:

- 18th Century music performed by Mark Carroll, resident musician at City Tavern
- Blacksmith Robert Herrmann
- Cooper (barrel making) Justin Bergey
- Demonstrations of authentic 18th century crafts: Pennsylvania German Redware, Folk Art, Woodworking, Spinning, Quilting, Needlework, Whittling, Saw Dust Animals, Shaker boxes
- See spoon molds, archeologists at work, and artifacts.
- Play with 18th Century children's games and toys.
- Tour the restored Moland House and grounds.

ADMISSION to benefit Warwick Township Historical Society for continued improvements of The Moland Property.

Cash or Check only

Adults	\$5.00
Seniors (62+)	\$4.00
Youth (5-12)	\$2.00
Families (parents & kids)	\$10.00

Would you like to "Befriend the Reenactment?"

Each year many businesses and corporations have helped defray the costs of the annual reenactment, this year on August 21, by becoming sponsors at three different levels. In return we feature their businesses on signs in front of the Moland House or in a hand out that people received upon paying admission for the day.

Last year we added an additional level of sponsorship for our membership and other individuals who would like to support our cause.

We will call you "The Friends of the Re-enactment" and publish your names in the program that is distributed at the admissions tables. There are 3 different levels:

General	for a donation of \$25
Colonel	for a donation of \$15
Captain	for a donation of \$10

If you are interested in helping us to keep this important fundraiser going, please send a check made out to The Warwick Township Historical Society, Post Office Box 107, Jamison, PA 18929 by August 1, 2010 attention Jo-Anne Mullen.

APPLAUSE

EGG HUNT

Thanks to everyone who volunteered and/or worked at the event to make it a success. Hatboro Federal Savings came forward to sponsor the event and enabled us to continue it and celebrate our 15th year. Lou Zabielski, Donna Littrell, Bill Dallesandro, Mike Imperial, Judy and Bob Mills.

Special thanks to our sponsor
Hatboro Federal

CAMP T-SHIRTS

Once again, Huntingdon Valley Bank sponsored all the camp t-shirts for the Parks and Recreation Department's Day Camp and Teen Adventure Camp. Thank you!

SUMMER CONCERT AND MOVIE SERIES

Hatboro Federal Savings stepped up and once again supported our series. Their contribution enabled the Township to offer these free concerts and movies throughout the summer.

Winterizing Your Mailbox

The Warwick Township Public Works department's primary objective is to provide winter highway safety to the traveling public with the most reasonable, efficient and effective processes. During winter storms, we strive to clear roadways curb-to-curb; thereby enabling optimum safe and passable roadways.

The speed of the snow plows is normally 15 MPH but will vary with the amount and type of snowfall, the condition of the roadway and traffic conditions. Efforts to minimize damage to private property are a key factor in regulating vehicle speed.

Typically, homeowners place their mailboxes within the Township's legal right-of-way to allow for the U.S. Postal Service to conveniently deliver the mail. If a mailbox is placed as far from the shoulder of the road as possible, and the mailbox rests on a firm support, the mailbox should be able to withstand the force of snow from plowing operations.

NEW POLICY: IN KEEPING IN LINE WITH PADOT'S POLICY, WARWICK TOWNSHIP WILL NOT BE REPLACING MAILBOXES AND POSTS LOCATED IN THE TOWNSHIP STREET RIGHT OF WAY. It is the homeowner's responsibility to ensure the mailbox can withstand the potential weight of snow being thrown from a plow, and if mailbox damage does occur, it is the responsibility of the property owner.

To minimize the possible damage to a homeowner's mailbox, Warwick Township provides the following recommendations:

- ❖ Locate mailbox as far from the shoulder of the road as the carrier can reach from a vehicle

- ❖ Make certain your mailbox has a strong support; check it frequently
- ❖ Use reflective tape (6-8 inch) or similar material to assist the snow plow driver during dark hours or driving snow storms
- ❖ Clear snow from the front of your mailbox and deposit it properly (never shovel snow onto the road)

Homeowners who have followed these guidelines in the past, and still experience mailbox damage may want to consider installing a cantilever mailbox support that will "swing" a mailbox out of harm's way.

Being pro-active and taking the necessary measures to winterize your mailbox, making it stable and visible will allow for efficient snow removal operations and the continued convenience of mail delivery to your home. We appreciate your cooperation.
